18.21 – County Councillor and District Councillor Reports

A litter picking kit will be available from the library for anyone who is keen to pick up litter in the villages.

Tomorrow will be the official day that the alliance with South Holland will go ahead, one year after alliance with Boston took place. It is envisaged there will be a saving on staff.

Very recently, in the press, it has come to light that Theddlethorpe is being considered as a possible site to bury nuclear waste. At this moment in time there is limited information but it was stressed that it will be a very long consultation period over a number of years and a public referendum would decide the outcome.
